Συναρμολογούμενο LED BACKLIT STAND με βαλίτσα!

Code:	DH-LUCID/100*200CM
Desc:	PVC BACKLIT TEXTILE FRAME 100*200CM
	Graphic Dimensions: 100 x 200cm+2,5cm bleed
	Weight: 8,7 kg

The Lucid line of backlit SEG displays are lightweight, inexpensive and extremely versatile. Lucid backlit displays feature UL certified LED lighting that's built into the frame so there's no visible wiring, and connections are made automatically when the frame sections are fit together.

The frame itself is made of synthetic structured PVC that's flame resistant, which makes the display light weight compared to other backlit displays. The frame assembles easily without tools thanks to the snap-fit interlocking design of the frame sections, making the Lucid faster and easier to set up than any other backlit display we offer.

INCLUDES:
Canvas Bag with Wheels
Dimensions: 132 x 33 x 20cm

Lucid lightbox Parts

Συναρμολογούμενα LED BACKLIT STAND με βαλίτσα!
